

Transitioning Children with FASDs into Adulthood

Resource Toolkit for South Carolinians

For people with FASDs, transitioning to adulthood can be challenging – but it doesn't have to be. South Carolina families living with FASDs can use the supports and resources in this toolkit to help transition children with FASDs into adulthood. This toolkit includes links to programs, services, and online resources.

Use this table to quickly identify resources that address your specific needs.

Programs and Services

[American Academy of Pediatrics – South Carolina Chapter](#)

Provides resources for parents and clinicians

[The Arc South Carolina](#)

- 7 local chapters provide a wide range of human services and other supports to people with intellectual and developmental disabilities (I/DD) and their families: advocacy, residential, educational, vocational, employment, and family supports

★ Check out [Arc Indiana's videos and webinars](#) about transitioning to adulthood, guardianship and alternatives, applying for Social Security benefits, employment, and community living

[Best Buddies South Carolina](#)

Offers one-to-one friendship into adulthood, integrated employment, inclusive living, family support, and leadership development programs for individuals with and without I/DD in South Carolina

[Center for Independent Living](#)

- Every state has a Center for Independent Living
 - Supports people with disabilities through peer support, independent living skills training, information and referral, individual and systems advocacy, and transition from institutions and secondary education
-

[The FASD Collaborative](#)

- Focuses on supporting the creation of fully inclusive communities addressing the needs of all individuals who are neurodiverse including the FASD community
- Provides virtual and in-person support groups, online webinars, and special interest groups

FASD United

- Serves as the national organization on FASD, supporting people with FASDs and promoting healthy pregnancies
 - [Family Navigator Program](#) provides individuals living with FASDs, their family members, caregivers, supporters and professionals with expert, confidential referrals to resources and services, one-on-one peer support, and information on FASD
 - Find your nearest [FASD United Affiliate Network](#) for additional FASD resources
-

Medicaid Waiver Programs

South Carolina has seven programs that can serve children: Katie Beckett TEFRA Children, Community Supports Waiver, Medically Complex Children Waiver, Head and Spinal Cord Injury Waiver, Intellectual Disability and Related Disabilities Waiver, HIV/AIDS Waiver, Palmetto Coordinated System of Care for Children Home and Community Based Waiver

Parent to Parent

- Provides one-to-one parent matches to help parents become experts in their child's disability, learn medical and therapeutic terms, and navigate services, therapies, insurance issues, and public systems
 - Connects parents and caregivers of children with I/DD with trained mentors who have experience raising children with I/DD
-

South Carolina Vocational Rehabilitation Department

Pre-Employment Transition Services

Offers services to help qualified youth build self-esteem, learn teamwork, gain communication and leadership skills, prepare for employment success, and achieve independence: job exploration and postsecondary education counseling, work-based learning experiences, workplace readiness training, self-advocacy

Vocational Services

Helps students with disabilities identify career interests and enhance awareness of the work world: job exploration counseling, instruction in self-advocacy, counseling on postsecondary education opportunities, workplace readiness training, and work-based learning experiences

Special Olympics South Carolina

Provides sports and social connections for families with FASDs and other I/DD

The Tanagram Way

Offers virtual social groups and activities: bingo, book club, music club, afternoon social group, caregiver corner group, pre-recorded art lessons
